Providing Technical Support for AWS Workloads 🔗
Coursera

Avantika Rathi
Full Stack Web Developer

Professional Summary

Dynamic Full Stack Web Developer skilled in the MERN stack, with a talent for crafting scalable web applications using React.js and Node.js. Quick to adopt new technologies, especially Generative AI with strong problem-solving abilities .

Experience

IBM SkillsBuild | FrontEnd Developer   June 2023 – July 2023

- Enhanced user engagement by 20% through designing responsive web interfaces using HTML, CSS, and JavaScript.
- Collaborated with cross-functional teams to understand project requirements and translate them into functional web interfaces.

AICTE Eduskills | Android Developer   April 2023 – June 2023

- At AICTE Eduskills, I developed mobile applications using Android Studio, Java, and Kotlin, with one app achieving over 20 downloads in its first month.
- This role sharpened my problem-solving skills and attention to detail, essential in translating complex project requirements into efficient Android applications.

Projects

Library-application   Live Demo Link   Github Repo Link

React Redux Git Firebase

- Developed a book management system allowing users to add, edit, delete, and categorize books using React and Redux.
- Implemented user authentication and reviews using Firebase, enabling users to sign up, log in, rate books, and leave reviews.

Netflix Clone   Live Demo Link   Github Repo Link

HTML5 CSS3 Git

- Designed and developed a fully responsive Netflix clone showcasing front-end web development skills with HTML5 and CSS3.
- Demonstrated HTML, CSS proficiency with a focus on responsive design and UI/UX principles.

Sugar-cosmetics Clone   Live Demo Link   Github Repo Link

JavaScript CSS3 HTML5 Responsive Web Design

- Created a front-end clone of the Sugar Cosmetics website using HTML, CSS, and JavaScript, ensuring responsiveness and smooth UI interactions.
- Developed key features such as homepage, product listing, and details page with filtering, sorting options, and cart functionality.
